Dear Sir/Madam,

I am writing to express my interest as an intern in your company. As an Information Technology student at Pamantasan ng Cabuyao, I am eager to gain hands-on experience, and I believe that an internship with your company would provide me with invaluable opportunities to do so.

I have a strong passion for Web Developer, and I am confident that my skills in HTML, CSS, JavaScript, PHP, SQL, Java, and other Web Framework such as Laravel and Bootstrap would make me a valuable addition to your team. My program as Bachelor of Science in Information Technology (BSIT) has equipped me with the knowledge and understanding necessary to excel in this role.

I am particularly excited about the opportunity to work in your company because of the company's reputation. I am eager to learn from the experienced professionals at your company and contribute my own skills and perspectives to the team.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

Jeric Michael G. Cabusas
